

Art Research

Research on an artist/designer/architect or a movement/style of 20th century.

Your essay should contain:

TEXT **(1500 words)**

- Introduction on time lapse and place framing your topic: write an historical outline to depict the scenario where the subject developed (consider society, economy, science and technology of that time and place)
- Description and analysis of the artwork:
 1. what does it make different from what was there before?
 2. describe it in terms of formal aspects and technical features
 3. write about intention of the artist and function of the artwork.

Tip: in case you are writing on an artist, reduce to the minimum his/her biography and focus on his/her art research.

IMAGES

3 - 8 pictures (at least 1 of them should be enlarged to be printed on full A4 size). Each picture should have a credit line as follows:

- Name of the artist, *Title*, medium, date, size, place where the work is located.

BIBLIOGRAPHY

Reference books and web sources quoted as follows:

- Name of the author, title, place of issue, date, pages of interest.
- Full web address, year of last update.

You must have at least 1 book quoted in your bibliography.

Tips: ISG library has some interesting art books that you can use for your research.

Museums' websites are the most reliable sources on artworks and artists. Please refer to www.isgart.weebly.com for references on the covered topics, museum websites and the online catalogue of the school library.
